## WHAT is Gloucester County Bird Quest?

- A way to discover Gloucester County's parks and natural areas
- A way to discover the unique birds that live in and migrate through our county
- A chance to learn how to identify birds by sight, sound, behavior and habitat
- A chance to have fun with family, friends and colleagues
- A fun morning outdoors
- A light-hearted competition

## Three ways to participate

- Form a team of family, friends, scout groups, school groups, etc. and plan your own birding route
- Join our expert lead walks searching varied habitat for bird species (Check our website for starting times and locations)
- Ride an expert guided school bus between locations as you walk local parks looking for birds

**Bus space is limited: register early!**  
**You must register in advance for the bus.**

## HOW does it work?

- A series of pre-Quest trainings is offered in April to help your birding skills
- Team size varies. One or more persons should be able to identify some birds by sight or sound. The Nature Club can help train your team!
- Teams have 5 hours on Saturday, May 5 (7 to noon) to visit sites of their choice in Gloucester County. Birds are identified by sight and/or sound. The goal is to find as many different species as possible. At 12:30 all teams gather at **Scotland Run Park 980 East Academy Street, Clayton, NJ** (County Rd 610) to report results, determine the winning team, have (free) lunch, receive a free Bird Quest t-shirt and door prizes.

For details about pre-Quest trainings and expert lead walks visit: [www.gcnatureclub.org](http://www.gcnatureclub.org)

## Cost?

- There is a \$15 per person cost to participate in the Bird Quest.
