Program – Purple Crow Butterflies – the Taiwan “Cousins” of Monarch Butterflies
Thursday, September 12, 2013 at 7:00 PM at the Holy Nativity Lutheran Church,
Wenonah, NJ (directions below) (Please note location change for this meeting!)

Presenter: Mr. Jia-Long Jan

Program Coordinator: Rich Dilks 856-468-6342

Many people know the story of the Monarch Butterfly’s annual migration to Mexico. But few people know of the Monarch’s Taiwan “cousin, the Purple Crow Butterfly. Purple Crows, also in the milkweed butterfly family, migrate from northern to southern Taiwan each winter. Hundreds of thousands gather there, covering trees. In the past 15 years, Taiwanese conservationists have made great progress studying and protecting Purple Crow winter colonies, while educating people about the interdependent relationship between humans and nature. Their efforts led to an unprecedented move by the Taiwanese government to close a highway during migration to protect Purple Crow Butterflies.

We are honored to have Mr. Jia-Long Jan, a leader in Purple Crow research and conservation, give a talk about his experience. Mr. Jan is a doctoral student in Ecology and Evolutionary Biology at National Taiwan University. He first encountered butterflies in elementary school when his aunt, Yue-zhao Jan, gave him a book about butterflies. He has been fascinated ever since. While pursuing a degree in Entomology at National Taiwan University, he studied the symbiotic relationship between Taiwanese butterflies and ants.

Among Mr. Jan’s achievements is his long-term research on the migration of over 8,000,000 Purple Crow Butterflies. In 1999, Mr. Jan collaborated with the Lu-Kai Native Taiwanese tribe in Mao-Lin, Kao-Shung to study and conserve Purple Crow Butterflies while helping preserve the culture and environment of the native people. For his effort, he was awarded the Ford Environmental Award in 2002. In 2004, Mr. Jan served as a consultant to a BBC documentary on the migration of Purple Crows. He was the first in Taiwan to identify a migration route over 100 km (60 miles) long, nicknamed “the butterfly highway.” In recognition, Mr. Jan received the prestigious Japan Creativity Award from Tokyo University, the fifth Taiwanese person to ever receive this award.

Mr. Jan is visiting the United States to learn more about Monarch Butterflies and the work being done by Monarch Teacher Network. Learn more about Purple Crow Butterflies at:

Directions: The Holy Nativity Lutheran Church is located just off Rt 553 (Woodbury-Glassboro Rd.) immediately south of the traffic light at Mantua Ave. The church parking lot can be accessed by entrances on either Woodbury-Glassboro Road or Lenape Trail (first left off of Mantua Ave).

Field Trip – Beekeeping Demonstration
Saturday September 14, 2013, 10:00 AM
Trip Leader: Ned Morgan

Join us on Saturday, September 14th @ 10am for a beekeeping demo with Ned Morgan, the president of the South Jersey Branch of the New Jersey Beekeepers Association (NJBA). He will discuss the importance of honey bees and other pollinators. We will be getting into the hives to show the various life stages (eggs, larvae, pupae), to see what the inside of the hive looks like and how the bees arrange it. That said WEAR LONG PANTS, SHIRTS TUCKED IN, NO OPEN TOE SHOES. There is a good chance you may be stung. He will have veils available that we will share. Honey bees are not aggressive but will sting if they feel threatened. Ned is in his 8th year as a beekeeper and currently has 16 hives. He also does some pollination, but primarily looks for honey production.

We will meet at the Gloucester Co. 4-H Nature Preserve. The address is 3944 S. Black Horse Pike (Rte 322), Williamstown, NJ 08094. The entrance to the preserve is close to the intersection of Rte 322 and Sharps Rd. It is also 0.5 miles west of the intersection of Rte 322 and Piney Hollow Rd. Best bet is to take Rt 322 south to the jughandle at Piney Hollow Rd, then backtrack on Rt 322 for roughly 0.5 miles to destination on right.

Family Fun Walk at Old Pine Farm Natural Lands Trust in Deptford Township
Sunday, September 8th, 2013 at 12:00 noon
Trip Leader: Maria Keefe (cell/text: 609-315-4759 or mariakeefe19@comcast.net)

Join us on Sunday, September 8th @ 12:00 at the Old Pine Farm Natural Lands Trust in Deptford.

Old Pine Farm Natural Lands Trust is one of the few remaining natural and protected areas along the highly-developed tidal portion of Big Timber Creek. It is located in the Blackwood Terrace section of Deptford. It offers a variety of terrain, including a meadow, woodlands and wetlands, while being surrounded on three sides by many acres of fresh water in Big Timber Creek. There are several trails to walk and a picnic table near the creek.

Directions:

From Woodbury: Drive east on Cooper Street towards Blackwood. Cross Delsea Drive. At the next traffic light, go straight. At the fork, bear right to go down Good Intent Road. As you go through the second traffic light you have crossed Route 41. The fourth street on your left is Rankin Avenue. Make a left turn (you cannot make a right) and drive to the end of the street where you will see a parking lot.

From Pitman/Glassboro/Clayton: Drive North on Delsea Drive towards the Deptford Mall. At the Five Points intersection, go straight which puts you on Route 41. At the second traffic light you are at the intersection of Route 41 and Good Intent Road. Make a right turn. The fourth street on your left is Rankin Avenue. Make a left turn and go to the end of the street where you will see a parking lot.

Or just use your favorite mapping program or your GPS by typing in "400 Rankin Ave, Deptford, NJ."

Events by other Organizations: September 2013

- September 15, 2013 (Sunday), 2:00 PM – **Walk in the Wild: Medicine.** Sponsored by the Old Pine Farm Natural Lands Trust. Free. Experience a casual stroll on the trails of the land trust with a knowledgeable leader to observe the plants, animals, natural features and processes, and just plain magic that make this place very special. Meet in the parking area at the end of Rankin Avenue in Blackwood Terrace. Please check at www.oldpinefarm.org/ for changes to the schedule and directions. Or just use your favorite mapping program or your GPS by typing in "400 Rankin Ave, Deptford, NJ." Further details available by calling Carl Ford at 856-579-4441. We will do this on the third Sunday of each month, with a different focus each month.
- September 28, 2013 (Saturday) - **Inversand Tours.** For anyone wishing to visit the Marl Pit Fossil site, Mantua Township will be hosting Inversand Tours. If you are interested you should contact Michelle Bruner - mbruner@mantuatownship.com or 856.468.1500 x 122 and request that you be added to the email list. This will get you an invite once the tour times are finalized. It sounds as if they will have large groups (200 people) and will give you a specific time to visit.

Natural Events for the month of September

- The last brood of monarch butterflies emerges and flies south to Mexico.
- Black gum foliage turns red - first tree to get its autumn color.
- Wild grapes ripen - not all of them are sour.
- Turtle eggs hatch and hatchlings emerge and head for the nearest water.
- Robins begin to join together in large flocks
- Most hummingbirds depart by the end of the month
- Bats busy feeding – building fat reserves for hibernation and migration.
- Broad-winged hawk migration peaks in mid-month - plan a visit to a hawk lookout.

By signing up you will be able to see up to minute information related to field trips (weather, changes or cancellations if needed), communicate with the leaders and others going on trips of interest. Simply sign up with an email address to join the group and you will be informed of upcoming trips and Nature Club events. It's a great way to be reminded of the trips you didn't want to forget and meet new members.! Check out the link and sign up!! <http://www.meetup.com/Gloucester-County-Nature-Club/>

Reminder - Membership Dues

September brings with it membership renewals. Please remember that your dues are the only costs associated with being a club member, we do not charge for any of our programs or field trips. Many organizations charge their members for each walk or activity they attend. We were able to maintain the same dues structure since 2004. However, to help close a persistent deficit in the club's operations, the executive committee has found it necessary to increase membership dues by \$5 for the coming club year (September 2013 - August 2014). **Electronic (email) memberships will now be \$20 per household per year, while postal mail memberships will be \$25.** For this modest sum, you will be supporting our full slate of meetings and outings, as well as our efforts to preserve and promote the natural areas that make our local communities special. We have been able to keep all of these activities open to the public for almost 65 years thanks to your continued financial support. We believe that the club is still an excellent value and hope the added cost will not deter any of our members.

Please fill out the membership form at the end of this newsletter and bring it along with your dues to the September Meeting, or send your renewal form and a check payable to "Gloucester County Nature Club" to: GCNC Membership, P.O. Box 563, Sewell, NJ 08080.

You may also sign up and pay your membership dues electronically via PayPal. Just go to <http://gcnatureclub.org/membership.php> and fill out the online form.
